

WARDROBE
SYMPHONY

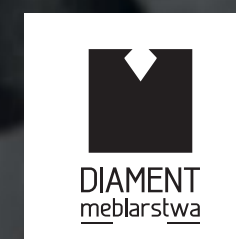

SYMPHONY

SYMPHONY is a series of exclusive accessories that will elevate the organization of your wardrobe to a higher level. Each product from this line stands out with excellent craftsmanship and ensures the highest level of user comfort. We have ensured that our accessories serve reliably for many years.

The modern design will lend your wardrobe a refined style and elegance. SYMPHONY is a guarantee of harmony between functionality and aesthetics, creating a unique concert of order in your wardrobe.

The SYMPHONY product line has been honored with the prestigious "Furniture Diamonds" award in the "Premium Class - Furniture Functions" category.

2025

Harmony of Organization in the Wardrobe

The Symphony series is the best solution for wardrobe organization. It offers a wide range of baskets, hangers, and organizers that will stylishly arrange your order.

Proven running system

The movement of our products is ensured by a proven and durable slide with soft close and full extension. This guarantees full access to the contents of the baskets and the quiet operation of the system.

Aluminum frame

It provides lightness to the entire system and an exclusive look. Each basket is available in four different sizes, and additional adjustment allows for a perfect fit of the baskets to the structure of any non-standard wardrobe.

Two classic colors

White P1 and anthracite P35 - choose the color that best suits your style.

High durability

All baskets from the Symphony series offer an impressive load capacity of up to 35kg, allowing for the storage of various wardrobe items.

Minimum Space, Maximum Functionality

Pants hangers: with side or top mounting, single or double. Versatile in use. Perfect for limited space. Full extension and easy access to clothes.

Little things in luxury

Jewelry organizers from the Symphony series are not only practical but also elegant. Lined with a pleasant-to-touch material or leather, they pay attention to every detail.

Innovative shoe storage

The rotating shoe basket is the flagship product of the SYMPHONY series. A 180° rotating basket is an efficient solution for true shoe enthusiasts. Available in three versions - 4, 8, and 12 shelves.
